

# Lacol

## Pre- and post-spotting agent for stains of paint, lacquer and adhesives

**Lacol** solubilizes paint, lacquer, adhesives, natural and synthetic resins, natural and mineral oil or grease, nail polish, metallic abrasion, ballpoint pen, felt pen, marking ink, lipstick, ink, wax and grease-bound stains of unknown origin.

### Application:

Apply **Lacol** on the stain and treat with a soft brush. In case of aged stains or stains difficult to remove, let react longer time. Frequently remoisten the stained area to intensify the solubilizing power. Then rinse with water or steam.

### ATTENTION:

- For safety reasons, **Lacol** must never get into drycleaning machines operated with hydrocarbon or silicon solvents !
- In general, **Lacol**, a product containing solvent, should be used on the post-spotting table only !
- **Lacol** may damage the dyes of acetate fibre fabrics.
- Do not use on coatings or laminations as this might cause damages !
- In case of sensitive textiles, dyes and prints, we recommend to try the product reaction on the seam prior to spotting.
- Do not intermix spotting agents !

### HEALTH AND SAFETY RECOMMENDATIONS: Flammable.

**Precautions:** Risk of serious damage to eyes. Keep out of the reach of children. Keep container in a well-ventilated place. Keep away from sources of ignition. No smoking. When using, do not eat or drink. Do not breathe gas/fumes/vapor/spray. Avoid contact with skin and eyes. Wear suitable gloves and eye/face protection. Vapors may cause drowsiness and dizziness.

**First Aid:** In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. After contact with skin, take off immediately all contaminated clothing and wash immediately with plenty of water. In case of accident, or if you feel unwell, seek medical advice immediately (show label where possible). If swallowed, seek medical advice -immediately and show container and label.

**ONLY TO BE USED BY PROFESSIONAL TEXTILE CLEANERS !  
FOR INDUSTRIAL USE ONLY !**
